

# Summer Student Position

## UConn Plant Science Research and Education Farm

The Plant Science & LA Research Farm is taking applications for a summer worker from **May through August** to assist the Farm Manager and staff with field research work. We are located one mile south of campus on Rt. 195.

### **Work hours:**

**Monday through Friday, 8:00AM-3:30PM** (7 hr/day, 35 hr/wk). **\$16.00 per hour.**

We work on faculty and graduate student projects in turfgrass science, ornamental horticulture, veggies, field crops, orchards, soil science and more. We also have greenhouses to work in on those rainy days!

Duties may include, but are not limited to, mowing, watering, planting, weeding, and fertilizing. Candidate must be able to work outdoors and operate farm and power equipment including tractors, lawn mowers, line trimmers, etc. Current, USA valid automobile driver's license is required.

**Experience is a plus, but we will train.**

**For additional information or to apply, please visit UConn JobX or email Travis Clark**

**(860) 486-8519**
